

MONTAGE II® & MONTAGE PLUS® INVINCIBLE INSTALLATION GUIDELINE

STEP 1

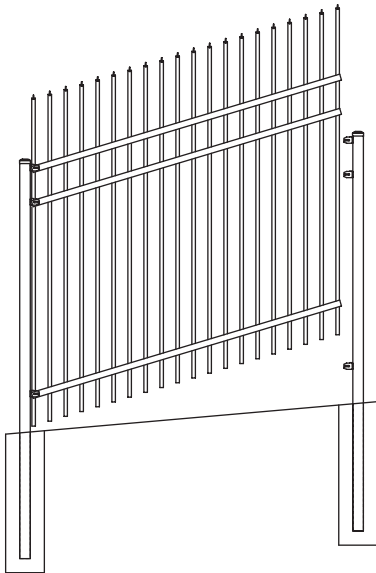

1a - Mount brackets to posts on downhill (downgrade) side only, as shown.
Note: Panel must be pre-racked for applicable grade before continuing with Step 2.

STEP 2

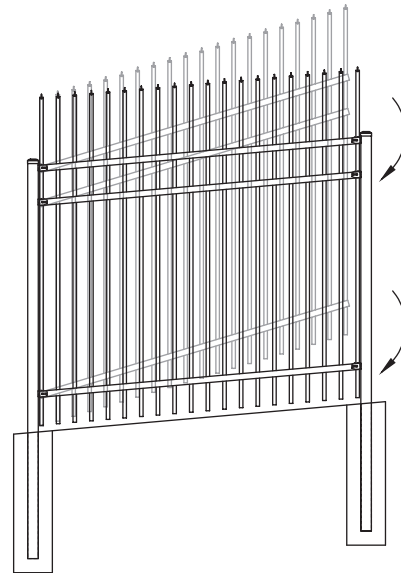

2a - Position panel in brackets & secure with snug fit (finger-tight).
2b - Rack free end of panel upward sufficiently to allow space for brackets.

STEP 3

3a - Mount brackets on uphill post, as shown.
Note: Support panel manually or with shims; exercise care to avoid damage.

STEP 4

4a - Pivot free end of panel back into brackets & secure; center, if necessary.
4b - Tighten all fasteners to ensure permanent grip.
